NEW UPDATES

From 13th to 15th July 2023, our partnership held a participatory visit and kick-off meeting, marking an exciting start to our project. During this visit, we had the privilege of attending the final pitch demo day at the Digital Tech Academy, an initiative by Friedrich-Alexander-Universität (FAU) in Erlangen, where we witnessed the culmination of an inspiring start-up program.

Alongside this, we engaged in impactful activities focused on exploring discrimination and the challenges faced by LGBTQIA+ youth in the context of representation in business. This experience provided invaluable insights into fostering inclusivity and empowering young entrepreneurs within diverse settings.

We are happy to release our participatory report as well as seeking LGBTQIA+ youth, allies and youth workers to take part in our analysis survey.
